Love Rowing is British Rowing's new Charitable Foundation. Its mission is to create accessible and inclusive rowing programmes for communities that are currently underrepresented in the sport.

Working together with its partners, Love Rowing aims to change lives through the unique benefits and transformative impact of rowing.

All monies raised will enable the charity to provide grants, guidance and support to rowing clubs and community organisations across the UK.

We have a number of sponsorship and advertising opportunities available to companies to promote their brand and services on the evening, with a range of benefits. Whether you would like to be a category partner of the event, purchase an advert in our full colour brochure, or purchase an advert on our display screens, advertising through these mediums will allow an organisation's brand to be seen by 250 guests on the evening.
